

International Network Generations Roadmap

2020 IEEE Future Networks Winter Session

Narendra Mangra, GlobeNet, LLC
IEEE INGR and Applications & Services WG Co-Chair
February 8, 2020

Agenda

- IEEE Future Networks Initiative and IEEE INGR
- IEEE INGR First Edition Highlights
 - New and Existing WGs
- IEEE Second Edition and Working Groups

IEEE Future Networks

2020 Future Directions Coverage

iee.org/futuredirections

Graduated Initiatives

Visit our website: <https://futurenetworks.ieee.org/roadmap>

IEEE Future NETWORKS™ Key Stakeholders

IEEE Societies

Industry

Government, Academia,

Students

IEEE OUs

IEEE STANDARDS ASSOCIATION

IEEE EDUCATIONAL ACTIVITIES

Initiative Profile

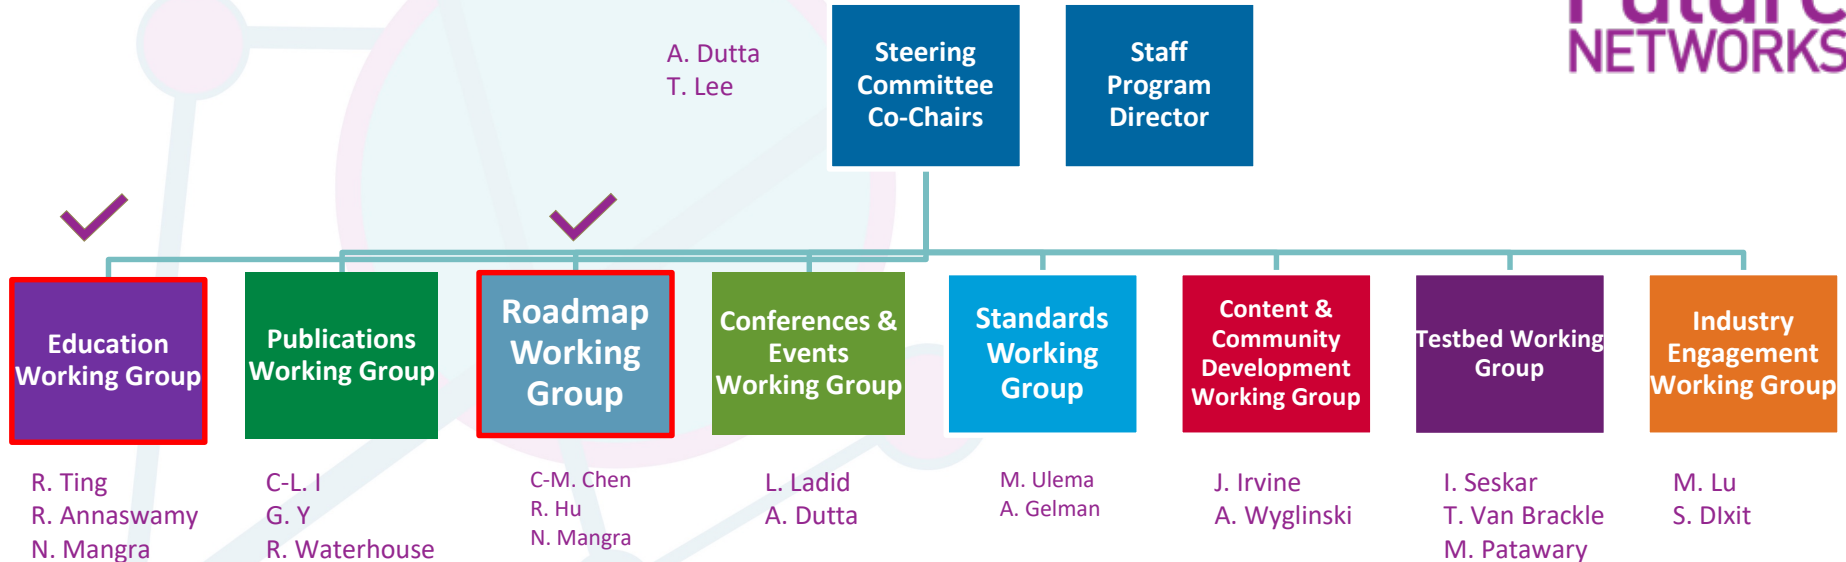

- ▶ Launched August 2016
- ▶ Technical Activities Board Funded
- ▶ 20+ Participating Societies/OUs

Visit our website: <https://futurenetworks.ieee.org/roadmap>

IEEE Future Networks Initiative Organization Structure

Visit our website: <https://futurenetworks.ieee.org/roadmap>

2020 IEEE Future Networks Winter Session Topics

5G Technology Overview and Architecture, Dr. Srinu Gottumukkala, OpusNet

IEEE Future Networks International Network Generations Roadmap (INGR), Narendra Mangra, GlobeNet LLC

Evolution of Optical and Transport Technologies for 5G Xhaul Network, Dr. Reza Vaez-Ghami, Viavi

IEEE Future Networks Applications and Services Roadmap (Smart Cities Ecosystems), Narendra Mangra, GlobeNet LLC

(Demo) Microcontroller Radar Stations Utilizing Software Defined Radio (SDR), Keenan Leatham, UDC

Acknowledgements

- ▶ COMSOC Baltimore
- ▶ SPS NOVA
- ▶ PES
- ▶ RAS
- ▶ Sensors Council
- ▶ GWU Student Branch
- ▶ UDC Student Branch

Special Thanks to the University of the District of Columbia (UDC) for hosting this event !

Presentation Slides will be posted on IEEE FNI Website

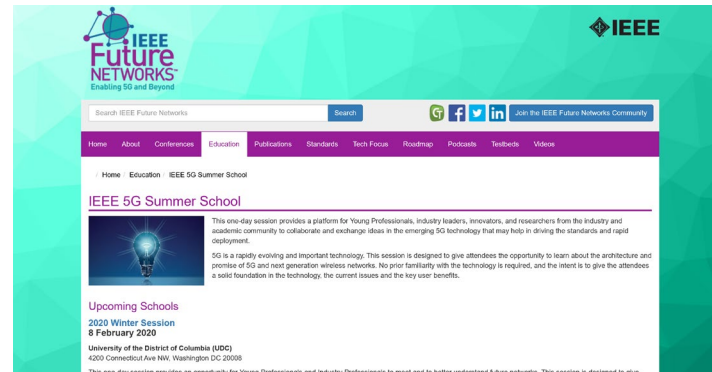

2020 IEEE Future Networks Winter Session

8 February 2020

University of the District of Columbia (UDC)
Washington, DC

Join us for a one-day session to network and better comprehend 5G, future networks, and technology roadmaps.

bit.ly/FNWinterSession

The screenshot shows the IEEE Future Networks website. The header includes the IEEE logo and the text "IEEE Future NETWORKS Enabling 5G and Beyond". Below the header is a search bar and social media links for Facebook, Twitter, and LinkedIn. The main navigation menu includes Home, About, Conferences, Education, Publications, Standards, Tech Focus, Roadmap, Postals, Testbeds, and Videos. The current page is "IEEE 5G Summer School". The page content includes a description of the session: "This one-day session provides a platform for Young Professionals, Industry leaders, innovators, and researchers from the industry and academic community to collaborate and exchange ideas in the emerging 5G technology that may help in driving the standards and rapid deployment. 5G is a rapidly evolving and important technology. This session is designed to give attendees the opportunity to learn about the architecture and promise of 5G and next generation wireless networks. No prior familiarity with the technology is required, and the intent is to give the attendees a solid foundation in the technology, the current issues and the key user benefits." Below this is a section for "Upcoming Schools" listing the "2020 Winter Session" on "8 February 2020" at the "University of the District of Columbia (UDC)", "4200 Connecticut Ave NW, Washington DC 20008".

International Network Generations Roadmap

- Applications and Services
- Edge Automation Platform
- Hardware
- Massive MIMO
- Satellite
- Millimeter Wave for Signal Processing
- Security
- Standardization Building Blocks
- Testbeds

Reduce technical and engineering risks associated with the migration to 5G and beyond
